

## **Central Securities Corporation Declares Year-End Distribution**

NEW YORK, November 3, 2017—Central Securities Corporation (NYSE American: CET), a closed-end investment company, today declared a distribution of \$0.80 per share on its Common Stock.

The dividend is payable December 21, 2017 to stockholders of record November 13, 2017. The distribution will be paid in additional shares of stock unless stockholders elect to receive the distribution in cash. The cut-off date for election of cash is December 7, 2017 (the “Cut-Off Date”).

The number of additional shares to which a stockholder will be entitled if he receives the distribution in stock will be computed as follows:

The number of shares held of record on November 13, 2017 will be multiplied by \$0.80. This amount will be divided by the Reinvestment Price to determine the number of shares to be received. The Reinvestment Price will be the lower of the market value (as defined below) or the net asset value per share on the Cut-Off Date. Cash will be paid in lieu of fractional shares.

The market value will be the arithmetic average of the daily volume weighted average price (“VWAP”) of the Corporation’s Common Stock for each trading day during the three-day period ending on, and including, the Cut-Off Date, rounded to two decimal places.

Of the \$0.80 per share to be paid, \$0.25 will be taxable as ordinary income (including \$0.01 from short-term capital gain) and \$0.55 will be taxable as long-term capital gain. Tax treatment will be the same whether the distribution is received in stock or cash. The final tax breakdown of all amounts paid during 2017 will be available after year end.
